SECRET SENSITIVE SPECIAL HANDLING REQUIRED

OFFICE OF THE SECRETARY OF DEFENSE WASHINGTON, D.C. 20301

3 1 JUL 1970

Honorable Henry A. Kissinger Assistant to the President The White House Washington, D. C. 20501

Dear Dr. Kissinger:

This is a report of actions taken in response to the directive contained in your memorandum of May 4, 1970, subject, "Review of Intelligence Activity in Panama."

The number of U.S. military personnel directly involved in clandestine collection operations in Panama has been reduced from a high of 27 case officers on 1 December 1969 to 21 case officers by mid-June 1970. Our projections indicate the figure will be further reduced to 19 case officers by 1 September 1970, which is approximately a reduction of 30% and currently is the end strength objective.

25X1

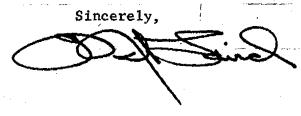

Close and in-depth coordination has been effected in Panama and on 26 June 1970, he informed the U.S. Southern Command (SOUTHCOM) that coordination action on all projects had been completed, with the exception of one project which at that time was in the final stages of coordination.

25X1

Complete knowledge of all SOUTHCOM
clandestine collection operations will enable 25X1
him to keep the Ambassador informed of all SOUTHCOM related activities.
To further strengthen the intelligence cooperation procedures in Panama, an Emergency Action Committee (EAC) was established. Through the EAC the Military, and Panama Canal Internal Security Office directors will be represented in one operational center during crisis periods.
This provides the mechanism for immediate cooperation and maximum utilization of assets.
